(a) *Inland transportation from EXW/port of entry/border point, Insurance and incidentals.*

Inland transportation, insurance, and other incidental costs for delivery of goods from EXW/port of entry/border point to Project Site named in **BDS** will be computed for each Bid by PA on basis of published tariffs by rail or road transport agencies, insurance companies, and/or other appropriate sources. To facilitate such computation, Bidder shall furnish in its Bid estimated dimensions and shipping weight and approximate EXW or as per applicable INCOTERM value of each package. above cost will be added by PTA to EXW or as per applicable INCOTERM price.

(b) *Delivery schedule.*

Treating Bid resulting in such time of arrival as base, a delivery "adjustment" will be calculated for other Bids by applying a

Director (Procurement)
Pakistan Telecommunication Authority
Headquarters, F-3/1, Islamabad

percentage specified in BDS, of EXW or as per applicable INCOTERM price for each week of delay beyond base, and this will be added to Bid price for evaluation. No credit shall be given to early delivery.

Or

- ii) goods covered under this invitation are required to be delivered (shipped) within an acceptable range of weeks specified in Schedule of Requirement. **No credit will be given to earlier deliveries, and Bids offering delivery beyond this range will be treated as non-responsive.** Within this acceptable range, an adjustment per week, as specified in BDS, will be added for evaluation to Bid price of Bids offering deliveries later than earliest delivery period specified in Schedule of Requirements.

Or

- (iii) goods covered under this invitation are required to be delivered (shipped) in partial shipments, as specified in Schedule of Requirements. Bids offering deliveries earlier or later than specified deliveries will be adjusted in evaluation by adding to Bid price a factor equal to a percentage, specified in the BDS, of EXW or as per applicable INCOTERM price per week of variation from specified delivery schedule.

(c) *Deviation in payment schedule.*

- i) Bidders shall state their Bid price for payment schedule outlined in SCC. Bids will be evaluated on basis of this base price. Bidders are, however, permitted to state an alternative payment schedule and

ABDUR RUB KHAN
Director (Procurement)
Pakistan Telecommunication Authority
Headquarters, F-7/3, Islamabad

indicate reduction in Bid price they wish to offer for such alternative payment schedule. PTA may consider alternative payment schedule offered by selected Bidder.

Or

- ii) **SCC** stipulates payment schedule offered by PTA. If a Bid deviates from schedule and if such deviation is considered acceptable to PTA, Bid will be evaluated by calculating interest earned for any earlier payments involved in terms outlined in Bid as compared with those stipulated in this invitation, at rate per annum specified in **BDS**.

(d) Cost of spare parts

- i) list of items and quantities of major assemblies, components, and selected spare parts, likely to be required during initial period of operation specified in **BDS**, is annexed to Technical Specifications. total cost of these items, at unit prices quoted in each Bid, will be added to Bid price.

Or

- ii) PTA will draw up a list of high-usage and high-value items of components and spare parts, along with estimated quantities of usage in initial period of operation specified in **BDS**. total cost of these items and quantities will be computed from spare parts unit prices submitted by Bidder and added to Bid price.

Or

ABDUR RUB KHAN
Director (Procurement)
Pakistan Telecommunication Authority
Headquarters, F-5/7, Islamabad

iii) PTA will estimate cost of spare parts usage in initial period of operation specified in **BDS**, based on information furnished by each Bidder, as well as on past experience of PTA or other PTA's in similar situations. Such costs shall be added to Bid price for evaluation.

(e) Spare parts and after sales service facilities in Pakistan

cost to PTA of establishing minimum service facilities and parts inventories, as outlined in **BDS** or elsewhere in Bidding Documents, if quoted separately, shall be added to Bid price.

(f) Operating and maintenance costs

(g) Performance and productivity of equipment.

(i) Bidders shall state guaranteed performance or efficiency in response to Technical Specification. For each drop in performance or efficiency below norm of 100, an adjustment for an amount specified in **BDS** will be added to Bid Price, representing capitalized cost of additional operating costs over life of plant, using methodology specified in **BDS** or in Technical Specifications.

Or

(ii) Goods offered shall have a minimum productivity specified under relevant

ABDUR RUB KHAN
Director (Procurement)
Pakistan Telecommunication Authority
Headquarters, F-5/1, Islamabad

provision in Technical Specifications to be considered responsive. Evaluation shall be based on cost per unit of actual productivity of goods offered in Bid, and adjustment will be added to Bid price using methodology specified in **BDS** or in Technical Specifications.

(h) Specific additional criteria.

Other specific additional criteria to be considered in evaluation and evaluation method shall be detailed in **BDS** and/or Technical Specifications.

33.6 If these Bidding Documents allow Bidders to quote separate prices for different Lots, and award to a single Bidder of multiple Lots, methodology of evaluation to determine lowest evaluated Lot combinations, including any discounts offered in Form of Bid, is specified in **BDS**.

34.1 If **BDS** so specifies, PTA will grant a margin of preference to certain goods in line with rules, regulations, regulatory guides or instructions issued by Authority from time to time.

34. Domestic Preference

35.1 In case where PTA adopts Cost Based Evaluation Technique and, Bid with lowest evaluated price—from amongst those which are eligible, compliant and substantially responsive shall be Most Advantageous Bid.

35. Determination of Most Advantageous Bid

ABDUR RUB KHAN
Director (Procurement)
Pakistan Telecommunication Authority
Headquarters, F-5/1, Islamabad

35.2 PTA may adopt Quality & Cost Based Selection Technique due to following two reasons:

- i. Where PTA knows about main features, usage and output of products; however not clear about complete features, technical specifications and functionalities of goods to be procured and requires bidders to submit their proposals defining those features, specifications and functionalities; or
- ii. Where PTA, in addition to mandatory requirements and mandatory technical specifications, requires parameters **specified in Evaluation Criteria** to be evaluated while determining quality of goods:

In such cases, PTA may allocate certain weightage to these factors as a part of Evaluation Criteria, and may determine ranking of bidders on basis of combined evaluation in accordance with provisions of Rule 2(1)(h) of PPR-2004.

36. Post-qualification of Bidder and/or Abnormally Low Financial Proposal

36.1 After determining Most Advantageous Bid, if neither pre-qualification was undertaken separately nor any qualification parameters were undertaken as part of determining Most Advantageous Bid, PTA shall carry out post-qualification of Bidder using only requirements specified in **BDS**.

In case of International Tendering, parameters for incorporation or licensing within Pakistan may be fulfilled as part of post qualification.

36.2 Where Bid price is considered to be abnormally low, PTA shall perform price analysis either during determination of Most Advantageous Bid or as a part of post-qualification process. following process shall apply:

- (a) PTA may reject a Bid if Procuring Agency has determined that price in

ABDUR RUB KHAN
Director (Procurement)
Directorate of Telecommunication Authority
Headquarters, F-5/1, Islamabad

combination with other constituent elements of Bid is abnormally low in relation to subject matter of procurement (i.e. scope of procurement or ancillary services) and raises concerns as to capability and capacity of respective Bidder to perform that contract;

(b) Before rejecting an abnormally low Bid PTA shall request Bidder an explanation of Bid or of those parts which it considers contribute to Bid being abnormally low; take account of evidence provided in response to a request in writing; and subsequently verify Bid or parts of Bid being abnormally low;

(c) decision of PTA to reject a Bid and reasons for decision shall be recorded in procurement proceedings and promptly communicated to Bidder concerned;

(d) PTA shall not incur any liability solely by rejecting abnormally Bid; and

(e) An abnormally low Bid means, in light of PTA's estimate and of all Bids submitted, Bid appears to be abnormally low by not providing a margin for normal levels of profit.

Guidance for PTA:

In order to identify Abnormally Low Bid (ALB) following approaches can be considered to minimize scope of subjectivity:

- (i) Comparing bid price with cost estimate;
- (ii) Comparing bid price with bids offered by other bidders submitting substantially responsive bids; and
- (iii) Comparing bid price with prices paid in similar contracts in recent past either government- or development partner-funded.

ABDUR RUB KHAN
Director (Procurement)
Pakistan Telecommunication Authority
Headquarters, F-5/1, Islamabad

- 36.3 PTA will determine to its satisfaction whether Bidder that is selected as having submitted most advantageous Bid is qualified to perform contract satisfactorily, in accordance with criteria listed in ITB 13.3.

It will be based upon an examination of documentary evidence of Bidder's qualifications submitted by Bidder, pursuant to ITB 13.3, as well as such other information as PTA deems necessary and appropriate. Factors not included in these Bidding Documents shall not be used in evaluation of Bidders' qualifications.
- 36.5 PTA may seek "Certificate for Independent Price Determination" from Bidder and the results of reference checks may be used in determining award of contract.
Explanation: Certificate shall be furnished by bidder. bidder shall certify that price is determined keeping in view of all essential aspects such as raw material, its processing, value addition, optimization of resources due to economy of scale, transportation, insurance and margin of profit etc.
- 36.6 An affirmative determination will be a prerequisite for award of contract to Bidder. A negative determination will result in rejection of Bidder's Bid, in which event PTA will proceed to next ranked bidder to make a similar determination of that Bidder's capabilities to perform satisfactorily.
